Headteacher: Paul Foxley MA

24th September 2026

Dear Parents,

Temporary Road Closure – Park Avenue

I am writing to make you aware of a temporary road closure on part of Park Avenue from Monday 28th September. Southern Water will be carrying out essential sewer repairs, and the work is expected to last for approximately four weeks.

During this period, access to the school by car along Park Avenue from London Road will be affected. To help reduce congestion around the school, please encourage your child to walk or cycle to school wherever possible.

Parents will be able to drop off and collect pupils at the end of Park Avenue, near The Hampshire Rose, and then pupils will need to walk past the works to school. Alternatively, parents travelling by car will need to follow the signed diversion via Stakes Road. The back entrance to the school on The Dale will remain open as usual.

We appreciate that the road closure may make journeys to and from school a little more difficult, particularly at the busiest times of the day. Please allow some additional time for your journey and, wherever possible, avoid driving directly to the school site.

I have attached a letter we have received from Southern Water, which includes a useful map showing which part of Park Avenue is affected by the temporary road closure. If you have any questions about the works, please contact Southern Water's contractors directly by email at customer@cbul.uk or by calling 0333 240 2072.

We are sorry for any inconvenience this may cause and thank you, as always, for your ongoing support.

Yours sincerely,

P R Foxley
